CHILEWICH'S PLACEMAT and table-runner designs fascinate. They're durable, easy to clean, and suitable for indoor and outdoor use — perfect for summer entertaining. These *Dahlia* designs, made from molded vinyl, are especially captivating for outdoor garden soirees. *Neiman Marcus, Somerset Collection, Troy, chilewich.com.*

DESIGNS ON THE DAHLIA: Distinct colors and patterns echo the dahlia flower and its bounty of petals.

While contemporary, the rattan Tansen is also casual and comfortable in sit, scale, proportion, and material.

FURNITURE

Envelop yourself
in casual luxury

MCGUIRE INTRODUCES 12 NEW living and dining designs and five new matte finishes — created by Barbara Barry, Bill Sofield, and McGuire Designs — that embody comfortable, casual luxury and use a variety of natural materials ranging from rattan, rawhide, and single caning to Danish Cord, walnut, and woven resin. In addition, there are five new low-sheen finishes ranging from dark brown to the lightest of tan, designed to highlight the more casual side of rattan and rawhide. One favorite is the sofa on page 19, made of woven resin and powder-coated aluminum. The Tansen lounge chair, left, is a blank slate with endless possibilities in many spaces, say McGuire representatives. Baker Showroom, Michigan Design Center, michigandesign.com.
