## TerraStrand®

- TerraStrand, the proprietary name of our yarn, is 100% phthalate-free.
- TerraStrand contains 25% renewable vegetable content.
- TerraStrand is used in over 90% of our woven products.
- Every square yard of TerraStrand saves 0.02 gallons of petroleum and 0.41 pounds of CO<sub>2</sub> as compared to conventional woven vinyls.

Chilewich is committed to continuous improvement, both in product and in process. Among our most significant environmental advancements is discontinuing the use of petroleum-based plasticizers that are typically used to soften PVC yarns and replacing them with phthalate-free, renewable vegetable compounds. We call these innovative yarns TerraStrand. Almost all of our woven products are now made with TerraStrand.

Unlike many tabletop products, Chilewich textiles can be easily washed with just water and biodegradable detergents, helping to reduce energy expenditures and laundering costs while maintaining a unique, elegant aesthetic.

100% of our woven textile placemats and floor mats are made in the USA, and finished in our own facility in the USA. Our quality, sustainability, and original design set us apart from all others.

Our woven vinyl products also contain Microban® antimicrobial protection. This is particularly beneficial for the home and hospitality markets. Microban® works continuously for the lifetime of the product to inhibit the growth of stain- and odor-causing bacteria, mold and mildew. Chilewich fabrics are covered by the GreenGuard® program certified by the GreenGuard® Environmental Institute, which protects human health and quality of life through the reduction of chemical exposure and improved indoor air quality.

## HEALTH PRODUCT DECLARATION® VERIFIED

Increased transparency through accurate and consistent disclosure of product content and its associated health information.

At Chilewich, we are passionate about offering something new, whether a novel application, an innovative process, a repurposed technique, or a fresh juxtaposition of textures and colors. Sandy Chilewich works closely with the Chilewich design team to continually explore new materials and manufacturing techniques while combining beauty with functionality.

Chilewich prides itself on originality. We specialize in the design and manufacture of woven vinyl textile products for both residential and commercial use. Vinyl is extremely durable, easy to maintain, and provides us with endless creative possibilities.

# Care Instructions

## Woven Placemats and Runners

All Chilewich placemats should be stored flat flat. Do not fold or allow to crease. Hot objects may damage your placemat/runner. Please exercise caution and use a trivet to protect your placemat/runner from excessive heat.

To clean, simply wipe with soap, water and a soft sponge or cloth. Standard antibacterial cleanser can also be used. Rinse with clean water and air dry. A high-temperature sanitizer can be used up to once a week. Machine washing or dishwasher use is not recommended. Do not iron or dry with a heated dryer.

Lighter colors may be more susceptible to staining agents such as tomato, chili, and certain spices. Please consider this when making your selection. Wash such stains immediately to avoid permanent damage or discoloration. Should a stubborn stain occur, woven vinyl is very durable and can withstand aggressive scrubbing with a soft bristle brush and a bleach-based cleaner. This will remove the stain without altering the fabric.

## Felt-backed Coasters

To clean, simply wipe with soap, water, and a soft sponge/cloth.

## Worktop

To clean, simply wipe with soap, water and a soft sponge or cloth. Standard antibacterial cleanser can also be used. If heavily soiled or stained, woven vinyl is very durable and can withstand aggressive scrubbing with a soft bristle brush and a bleach-based cleaner or degreaser. This will remove the stain without altering the fabric. Blot spills quickly. Air dry thoroughly.

## Woven Floor Mats

Best suited to dry surfaces. Vacuum or mop face of mat to clean. Air dry thoroughly. Occasionally lift and air out.

## Indoor/Outdoor Shag Floor Mats

Vacuum, shake out, or hose off to clean. Hang to dry. Occasionally lift and air out.
