

Design Solutions for Senior Living

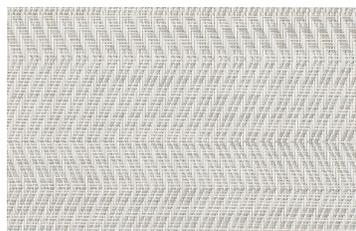

2022 Capsule Collection

Today's senior living communities integrate elements of hospitality and healthcare within a residential atmosphere—and demand materials and finishes that are up to every task. Chilewich design solutions are ideally suited to these unique environments. Our flooring, wall textiles, window coverings, and upholstery fabrics improve aesthetics and comfort while providing enhanced durability and easy maintenance, ultimately helping to promote maximum independence for residents.

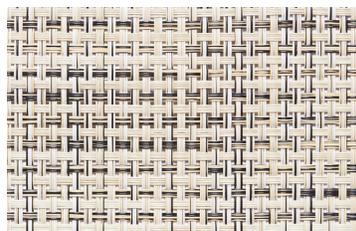

Selected with the needs and priorities of senior living communities in mind, this curated capsule collection for 2022 features weaves and colorways that have proven especially successful in environments for aging, including independent living, assisted living, memory care, and rehabilitation settings.

MARBLE, Basketweave. Golda Meir House, Newton, MA.

An easy-to-navigate, cushioned surface, without the glare. In line with recommendations of the National Council on Aging, our flooring combines the acoustical and aesthetic benefits of carpet with the durability, hygiene, and navigability of hard flooring.

SALT and GREY, Bouclé and DEEP GREY, Ikat. Vie la Bella des Croisettes, Semur-en-Auxois, France.

An integrated moisture barrier. BioFelt, our composite backing system, provides cushioning underfoot and waterproof protection from spills and stains, making it easier to clean and quicker to dry.

CREMA, Cane.

Desirable and durable wall protection. Meeting the highest federal requirements for abrasion resistance, breaking strength, and tear resistance, our wall textiles provide Type III (heaviest-duty) protection.

SALT and GREY, Bouclé and DEEP GREY, Ikat. Vie la Bella des Croisettes, Semur-en-Auxois, France.

Environmentally safe. Tested and certified by the Green Label Plus program, our design solutions help to reduce indoor air pollution and the risk of chemical exposure, contributing to healthier environments for aging.
