

Custom Shag Mats

Custom size Shag mats are available in most colors.

Durable. Designed with both beauty and function in mind, Chilewich Shag mats retain their distinctive colors and rich textures over many years of use, indoors and outdoors. Suitable for use on floors with radiant heating, provided that the floor temperature does not exceed 85°F/30°C.

Versatile. Ideal for kitchens, entryways, bathrooms, spas, pools, cabanas, action stations, beverage stations, balconies and patios – tufted texture feels soft on bare feet.

Easy maintenance. Contains Microban® antimicrobial protection, which works continuously for the lifetime of the product to inhibit the growth of odor causing bacteria, mold and mildew.

Slip and water resistant. Backed with commercial grade vinyl.

Fits underneath doors. Just 0.25" / 0.64 cm thick.

Better for people and the planet. The phthalate-free extruded yarn uses vegetable-based compounds in place of petroleum-based plasticizers. All Chilewich products contain at least 18% rapidly renewable content.
