

Healthcare & Senior Living

Tiles in Basketweave, LATTE. Golda Meir House Newton, MA. Design Firm: Stefura Associates Boston, MA.

"We wanted something that would be durable, so if it gets wet, it's not going to mold or mildew. The antimicrobial aspect of Chilewich flooring was very important. It's a great product from a health and safety perspective as well as an aesthetic perspective."

—Myra Marshall, Executive Director, Golda Meir House
