

# Wall Textiles Measurement Guide

Our wall textiles are available in rolls of 72 square feet (36" × 288") and may be ordered in increments of two (e.g., 2 rolls, 4 rolls, 6 rolls, 8 rolls).

## Ceiling Height

To determine ceiling height, measure from the ceiling to the floor, as shown in the figure at top left, and then round up to the next whole linear foot. Do not deduct area for window(s) and/or door(s) from your measurement.

## Wall Length

To determine wall length, measure wall(s) horizontally, as shown in the figure at top right, and round up to the next whole linear foot that is also divisible by three. Do not deduct area for window(s) and/or door(s) from your measurement.

To determine how many rolls you need, compare your final ceiling height and wall length measurements with those in the chart on the following page.

Please Note: Chilewich products, like all woven textiles, are uniquely textured by fine details created by the interplay of their weave structure and fiber properties. In the case of seamed items, patterns may not align perfectly.

# Wall Textiles Estimation Guide

Based on the measurements you've generated for ceiling height and wall length, use the chart below to determine how many rolls your space will require.

Wall Length	Ceiling Height				
	8 feet	9 feet	10 feet	11 feet	12 feet
6 feet	2 rolls	2 rolls	2 rolls	2 rolls	2 rolls
