

# Thank you for your purchase.

Please follow these care instructions to keep your Chilewich placemats and runners clean and maintain their original appearance.

All Chilewich placemats should be stored flat. Do not fold placemats or allow them to crease. Hot objects may damage your placemat/runner. Please exercise caution and use a trivet to protect your placemat/runner from excessive heat.

To clean, simply wipe with soap, water and a soft sponge or cloth. Standard antibacterial cleanser can also be used. Rinse with clean water and air dry.

Scrub stubborn stains with a soft bristle-brush and a bleach-based cleanser. This will remove the stain without altering the fabric. Rinse with clean water and air dry.

Machine washing or dishwasher use is not recommended.

More permanent stains may result when certain foods or liquids (e.g. tomato, hot pepper sauce, turmeric) are left on the placemat or runner for long periods before cleaning. This is more likely to occur with lighter-color textiles. Make sure to remove such spills quickly.

To clean, simply wipe with soap, water and a soft sponge/cloth. Rinse well and air dry.

Do not aggressively scrub. Use of bleach and ammonia-based cleaning agents is not recommended. Machine washing or dishwasher use is not recommended.

More permanent stains may result when certain food or liquids (e.g. tomato, mustard, turmeric) are left on the placemat for long periods before cleaning. Make sure to remove such spills immediately.

If improperly stored, creases may appear. To straighten the creases, place a damp cotton or linen cloth over the mat (make sure that the cloth covers the mat entirely) and iron straight with a hot iron. This will not damage the fabric of the mat.
